Come with us behind the gates and see the treasures of the Jasper Sanfilippo Estate in Barrington Hills, IL. Its private museums are opened for us to discover restored relics from the world that was just entering the electric era.

Place de la Musique's phonograph collection

Jasper and Marion Sanfilippo built their 6,000 square foot Tudor-style home on 57 picturesque, manicured acres of Barrington Hills in 1974. The adjoining Place de la Musique was added to house their growing collection of music machines. Your visit begins here after reaching the estate on your own. This balconied, three story museum is dominated by one of the world's largest theater organs. Started with the Wurlitzer from Omaha's Rivera Theater, the organ grew to a five-manual console with 80 ranks. Thrill to its varied sounds during a special live concert at 2:00 PM. The organ is adorned with decorations saved from Chicago's Paradise, Granada and Uptown theaters, plus Medinah Temple. The organ it is just one part of this collection of beautifully restored, antique music machines. They are kept in working order by the Sanfilippo Foundation and its dedicated craftsmen. It's a loving tribute to the amazing machines from a world before electronics.

Enjoy the concert on one of the world's largest theater organs

See and hear antique music boxes, gramophones, violin machines, photo players and coin-operated player pianos. In the lower level parlor, see old arcade games and gambling machines. Move between the levels by the grand staircase, a cage elevator, or the tower spiral staircase.

The Carousel Pavilion is built around the 1890 Eden Palais Carousel. Brought from France, it is the most spectacular salon carousel in existence. More than a merry-go-round, its 89-foot wide and 42-foot high façade welcomed visitors to live show stages, bars and booths. For some, it was their first time seeing electric lights! The carousel itself has 36 hand-carved horses, four rocking gondolas and a spinning tub for lovers. Behind the carousel are a restored 1881 Grant 2-6-0 steam locomotive, a Pullman palace car and a caboose. The locomotive ran 40 years in the Ford River Rouge factory complex. Around the building walls are orchestrions and dance organs. Hear unforgettable music from the days before public address systems and boom-boxes. *Think of music boxes on steroids!* Also hear fairground and band organs that once filled the parks with music. Nearby are rebuilt stationary steam engines including an 1826 table engine and 1836 walking beam. The gates are open to us from 12:30 to 5:30 PM.

What You Need To Know about traveling with "The Century"

WHAT WE ARE... If you enjoy trains and travel, we have a lot to offer you! The 20th Century Railroad Club is an educational and historical organization (incorporated not-for-profit) dedicated to promoting the advantages — and celebrating the history — of travel by rail.

WHAT WE DO... Since 1971, the 20th Century Railroad Club has specialized in planning unique rail-oriented trips for its members, their guests and the public. Most of our trips include at least one ride on a train or trolley.

In recent years, 20th Century has teamed up with tour providers for some of our trips, to offer superbly structured tours all around the U.S., with professional escorts.

Some of our trips are loosely-structured to allow our passengers to choose exactly how and where they will spend their time at a destination, In such cases we will provide information on available destination options.

You should think of traveling with “the Century” as an adventure — a unique experience that may not be entirely predictable, but is nearly always much more fun than you'd have on your own! WHO CAN GO? YOU CAN! Unless a trip is marked “for Club members only,” anyone may travel with us. Of course, our members receive advance notice of all our trips in our monthly newsletter, THE FAST MAIL, and are always first in line for the limited space available. If you're not yet a member, we invite you to sample our public trips and our members meetings before deciding to join our Club.

TYPES OF TRIPS... We offer five categories.

First are One-Day Adventures by various modes.

Second are Getaway trips: These are two to four-day trips via Amtrak and/or other carriers. They usually span weekends and are open to the public.

Third are “Vacations with the Century”: These special five- to ten-day trips, which are open to the public, are the most elaborate we offer. While the ideas come from our Trip Committee, all travel and lodging arrangements are made by a professional tour operator with special expertise in group travel by rail and other carriers. These vacation packages are among the finest available to the train-oriented traveler, and are designed to offer the highest value for your travel dollar.

Fourth are chartered trains, which are open to the public and usually travel to destinations not accessible by regularly scheduled service.

Fifth, we may offer trips available only to our members. Other trips may not be listed in this Catalog, and instead will be advertised in our monthly newsletter for members, THE FAST MAIL, or posted to our website.

Sixth are Private Varnish (PV) tours. What are they? Travel on special or historic railcars, rebuilt and upgraded to ride the rails in wood paneled luxury, complete with first class accommodations. Vista domes, observation cars, and meals cooked on board fit for royalty. Best of all, upon reaching your destination city the train itself is your hotel, centrally located for touring. Our PV train sets are quite possibly the finest rail passenger cars to ride American rails. Absolute elegance! We have taken the service, and rail cars of the past and upgraded everything to today's far higher standards ... for you!

WHY WE DO IT: There is still a special magic to traveling by train. It's a chance to travel in comfort and style; to slow down, settle back, watch the scenery and enjoy a journey the carefree, car-free way.

As Agatha Christie wrote, “Trains are wonderful... To travel by train is to see nature and human beings, towns and churches and rivers...in fact, to see life.”

So, come on along for a ride on the railroad — it's the most civilized form of land transportation.
