Take this special one-day, downstate double header by motorcoach and experience a wealth of historic planes and trains.

This morning, board our chartered motorcoach at either the Mount Prospect Metra Station or the Canal St. entrance of Chicago Union Station. Bottled water and a snack are provided as we roll south.

First stop is Chanute Air Museum in Rantoul. From 1917 to 1993 this was Octave Chanute Air Base.

It was named to honor French immigrant and aviation pioneer Octave Chanute. He started out as civil engineer for railroads. His achievements included the designs for the Union Stock Yards at Chicago and Kansas City. He also designed the first Missouri River bridge into Kansas City, plus the famed bridges over the Genesee River at Letchworth, NY, and the Kinzua Valley in Pennsylvania.

More down to earth, Chanute improved wooden railroad ties by developing the pressure wood treating process and introducing dated nail heads to tell their age. He died in 1910 and is buried at Peoria, IL.

Retiring from the Erie Railway in 1883, Chanute applied his engineering genius to the new science of aviation. His gliders were tested in the breezes of the Indiana Dunes. He exchanged hundreds of letters with the

Wright Brothers and even visited their experimental flights at Kitty Hawk, NC.

In the Chanute Museum, you will see replicas of his 1896 glider and a 1903 Wright Flyer. Over 30 aircraft are on display including bombers B-25 Mitchell, B-47 Stratojet, and B-58 Hustler plus jet fighter planes and a Minuteman missile. Missiles were once built in this massive building, now called Grissom Hall. Before rockets, the base helped train the Tuskegee Airmen.

Next stop is the Monticello (IL) Railway Museum.

Today starts their first steam weekend of 2015 and features oil burning Southern Railway locomotive #401. Built in 1907, this 2-8-0 was completely rebuilt by Museum volunteers, re-entering service in late 2010.

Volunteers also restored Illinois Central dining car #4112. It was put in service last year and is the place for our included lunch. Have a seat and enjoy your "lunch in motion" as 401 pulls us on former Illinois Central tracks. All other museum visitors today have to go into town to eat.

See the rebuilding of both pieces on the Museum's website: [www.mrym.org](http://www.mrym.org).

Begun in 1966, their rolling stock collection now numbers over 80 pieces including 14 locomotives, 13 cabooses, and 25 passenger cars, 11 of which are from Illinois Central. Unique is former C&EI #309, *Turkey Run*, a one-time live fish transport car!

There's nothing to carp about in all you see and do on this one day adventure.

## **What You Need To Know about traveling with "The Century"**

WHAT WE ARE... If you enjoy trains and travel, we have a lot to offer you! The 20th Century Railroad Club is an educational and historical organization (incorporated not-for-profit) dedicated to promoting the advantages — and celebrating the history — of travel by rail.

WHAT WE DO... Since 1971, the 20th Century Railroad Club has specialized in planning unique rail-oriented trips for its members, their guests and the public. Most of our trips include at least one ride on a train or trolley.

In recent years, 20th Century has teamed up with tour providers for some of our trips, to offer superbly structured tours all around the U.S., with professional escorts.

Some of our trips are loosely-structured to allow our passengers to choose exactly how and where they will spend their time at a destination, In such cases we will provide information on available destination options.

You should think of traveling with “the Century” as an adventure — a unique experience that may not be entirely predictable, but is nearly always much more fun than you'd have on your own! WHO CAN GO? YOU CAN! Unless a trip is marked “for Club members only,” anyone may travel with us. Of course, our members receive advance notice of all our trips in our monthly newsletter, THE FAST MAIL, and are always first in line for the limited space available. If you're not yet a member, we invite you to sample our public trips and our members meetings before deciding to join our Club.

TYPES OF TRIPS... We offer five categories.

First are One-Day Adventures by various modes.

Second are Getaway trips: These are two to four-day trips via Amtrak and/or other carriers. They usually span weekends and are open to the public.

Third are “Vacations with the Century”: These special five- to ten-day trips, which are open to the public, are the most elaborate we offer. While the ideas come from our Trip Committee, all travel and lodging arrangements are made by a professional tour operator with special expertise in group travel by rail and other carriers. These vacation packages are among the finest available to the train-oriented traveler, and are designed to offer the highest value for your travel dollar.

Fourth are chartered trains, which are open to the public and usually travel to destinations not accessible by regularly scheduled service.

Fifth, we may offer trips available only to our members. Other trips may not be listed in this Catalog, and instead will be advertised in our monthly newsletter for members, THE FAST MAIL, or posted to our website.

Sixth are Private Varnish (PV) tours. What are they? Travel on special or historic railcars, rebuilt and upgraded to ride the rails in wood paneled luxury, complete with first class accommodations. Vista domes, observation cars, and meals cooked on board fit for royalty. Best of all, upon reaching your destination city the train itself is your hotel, centrally located for touring. Our PV train sets are quite possibly the finest rail passenger cars to ride American rails. Absolute elegance! We have taken the service, and rail cars of the past and upgraded everything to today's far higher standards ... for you!

WHY WE DO IT: There is still a special magic to traveling by train. It's a chance to travel in comfort and style; to slow down, settle back, watch the scenery and enjoy a journey the carefree, car-free way.

As Agatha Christie wrote, “Trains are wonderful... To travel by train is to see nature and human beings, towns and churches and rivers...in fact, to see life.”

So, come on along for a ride on the railroad — it's the most civilized form of land transportation.
